*In an effort to assist students in their organizational skills, St. Mary's School has a color-coded system for the different subject areas. Teachers at different grade levels may request different items for use in their classes, but all teachers are requesting the same colors for items for those subjects. (For example, all folders, binders, and spiral notebooks purchased for math classes would be blue.) This color-coding should be especially helpful as Jr. High students go to lockers to gather materials for one of their classes.*
